

HISTORY OF
MATHEMATICS
IN INDIA

ganita Sammelan

January 19-22, 2025

at IIT Gandhinagar

This in-person four-day workshop will have a rich variety of events: plenary talks by distinguished scholars (including Prof Manjul Bhargava, Dr MD Srinivas, Prof MS Sriram, Prof K Ramasubramanian, Prof Amartya K Dutta), presentations by other scholars, release of at least two major new books, a session in remembrance of the towering scholar, the late Prof RC Gupta, results of a national quiz competition for schoolchildren on the history of Indian mathematics, interactive sessions with school students (including fun and games), etc.

Registration Link
tiny.cc/ganita

The inaugural session on **January 19** will have a plenary lecture by the famous mathematician **Prof Manjul Bhargava**, Princeton University.

The event is jointly organized with the **Indian Society of History of Mathematics** and the **IKS Division of the Ministry of Education**.
